

VEZINA RISK CONSULTING SERVICES

Insurance is an essential part of an organization's risk management program, but is only one component of its total cost of risk. Effective risk management provides broader value to the organization; protecting and supporting the key organizational objectives no matter what. Vezina's specialists provide our clients with focused risk management strategies that include risk identification, analysis and cost effective guidance for opportunities to further mitigate exposures. Our solutions ensure that clients are actively mitigating their risks, from enhancing their preparedness, to ensuring adequate recovery from a claim.

Our Areas of Expertise

Property & Operational Risk: operational risk evaluation, insurance placement support, fire protection consulting, machinery and equipment risks, hazardous materials modelling, premises liability.

Risk Strategy and Resilience: For both insurable and non-insurable risks: enterprise risk management, risk identification and assessment, risk tolerance and capital project risk management, consultative analytics, cyber risk consulting, business continuity response

solutions - emergency response, reputational risk / crisis management, business continuity development, disaster recovery planning, pandemic preparedness, and product recall.

Forensic Accounting & Claims Preparation: Accounting based consulting including pre-loss exposure analysis (BI value analysis, anticipated maximum BI loss), post-loss claims accounting (measurement / presentation of large losses), and class action claims administration and mass tort.

Workforce Strategies: - Canadian workers compensation consulting, disability claims management, health and safety management, ergonomics, and construction safety.

Fleet Safety

Vezina offers services that are at the forefront of fleet safety consulting, with years of experience in reducing total cost of risk for a variety of fleet types that including private passenger, buses, light and heavy commercial vehicles, bulk liquid transporters and intermodal operations. We bring an unrivaled range of skills and experience to providing solutions to a client's most pressing transportation issues.
